

Year 2 - Religious Education – Stewardship – Care of Creation

Tuesday 14th October 2025
LO: To understand the term 'stewardship' and how we can care for creation.

What is Stewardship?
Stewardship is using our gift to give back to God to thank Him for the world and all He created.

I can be a good steward by picking up litter and saving electricity after getting out of the room also I can walk instead of going by car. We can also turn off water.

This is important because the world is getting polluted by stuff that are harmful and there are dirty food and water. We need to show thanks to God.

 Catholic Social Teaching

This lesson linked to our Catholic social teaching theme of Care of Creation.
